SKILLS

Interpersonal Communication   Time Management

Designing   Leadership

Organization

To obtain a position where I can apply my knowledge and skills to develop visually appealing and functional websites and Apps. As a upcoming graduate with a degree in B.Tech., I am eager to learn and gain hands-on experience in the field. Through my coursework and projects, I have developed proficiency in Python, HTML, CSS and Adobe. I'm committed to staying up-to-date with the latest design trends and technologies and am excited to contribute to a team that values innovation and creativity.
